Student Learning • Student Achievement • Student Success

kidsklub
afterschool program
OF NORTH PLATTE, NEBRASKA

Dear NPPSD Families,

In an effort to place the safety and security of our students first and foremost, we would like to remind everyone of the **district policy** that from 7:00 AM to 6:00 PM each Monday through Friday, the playgrounds at our elementary schools are reserved for only the students & staff who are enrolled in, or are working for, Kids Klub.

We have had several people ask the “why” behind this policy. It is strictly for the safety and security of the children enrolled in our program.

Every Kids Klub employee (even our high school staff) undergo a thorough nation-wide background check prior to employment. This is peace of mind for each family who uses our program after school and ensures that their children are being supervised by a staff member who is 100% guaranteed to have a clean record.

When adults who do not work for Kids Klub, or when students who are not enrolled in Kids Klub, come to our playgrounds and want to use them while we are outside, that guarantee is no longer valid. Our staff would much rather have everyone understand that safety is our first priority, rather than have to argue, and explain the rationale behind this policy each and every time we are outside.

One thing we can all agree on is that student safety is a priority we all take very seriously and compromising that security is not something any of us would willingly risk.

If Kids Klub is not outside, we encourage and invite you to use the playgrounds. We just ask that you please remain respectful to our staff if we do come outside and ask that you leave during our outside time.

Signs stating this policy are posted at every elementary playground entrance and it can also be found on page 24 of the Parent/Student Handbook which you can view online @ www.nppsd.org under the Students & Parent tab.

Thank you for your understanding and cooperation when it comes to playground use and student safety after school.
